

CASCOM Board of Directors on BRAC

<u>Purpose</u>: To provide an update on BRAC 2005 action and gain CASCOM BoD concurrence on proposed BRAC 2005 discretionary adds/modifications.

AGENDA

- Update from the last CASCOM BoD Meeting
- Update on the Local Community BRAC Working 0
- Strategic Vision for BRAC 2005 Realignment
- Proposed Senior Leader Advisory Panel (Greybea
- BRAC Commission Visit
- Proposed BRAC 2005 discretionary adds/modific

From the Last BoD Meeting

- First meeting of CASCOM Board of Directors on BRAC 2005
- Update from Ft Lee Garrison and CASCOM PAT on BRAC 2005
- Provided current information/schedules
- CG/Deputy to CG:
 - Focus on consolidation vice co-location
 - Need strategic vision/goals for Center of Excellence
 - Need recommendations for Top 3 for Senior Leader Panel (Greybeards)

• OD:

- Need to look at insights from commercial industry
- Will need to address museums across all sites
- Must involve CSMs

• QM:

- Will look at Joint Petroleum School
- Consolidate BOLC?

• TC:

- Provided results of BRAC Commission visit
- Will provide position papers on recommended discretionary moves

- Charter is to assess impacts on the local communities and position them to meet the needs of the increased personnel at Fort Lee
- Representatives will attend Commission Visit to Fort Lee and any Public Hearings that may generate comments to BRAC Recommendations pertaining to Fort Lee
- Facing Challenge to keep Community leadership focused
- Pursuing Lessons Learned from other communities that have faced similar challenges (Fort Leonard wood)
- Assessing growth requirements in Hospital capacity, expanded Roadways, Schools, Housing (especially rental properties), etc.
- Forward thinking and Ready to reinforce BRAC Recommendations with continued Community Support and Initiatives for noise abatement.

CASCOM Strategic Vision for BRAC 2005

- Consolidation, not co-location
 - Single headquarters
 - Combined schools (NCOA, etc) where possible
 - Single proponency office
 - Etc
- Relocate other CSS schools/training to Fort Lee where feasible
- Retain CSS training at existing locations where it makes sense . . . and provides a return on investment
- Collaborative effort . . . leverage commercial industry, senior leader, community input
- Logistics training at Fort Lee, field training site at Fort Pickett
 - All state-of-the-art facilities
 - Joint and multinational
- CASCOM evolves to U.S. Army Logistics Command?
 - Center for logistics solutions for the Department of Defense
- Working Vision, Mission, Core Competencies

BRAC 2005 Discretionary Adds/Mods

- Museums:
 - BRAC did not specifically address
 - OD recommends move/Trans recommends remain
 - TRADOC position to move
 - Recommend CASCOM relocate all museums if funding allows and that TRADOC coordinate with CMH for consistent position among all schools
- Ordnance School of Military Packaging and Technology (SMPT) at APG:
 - Relocate to Ft Lee and consider realign with ALMC
- EOD Phase 1 at RSA:
 - Recommend retain at RSA
- Hazardous Services Training School at RSA:
 - Recommend retain at RSA
- Patriot Repair at Ft Bliss:
 - Recommend move all Patriot training from Ft Bliss to Ft Sill to align with BRAC

6

BRAC 2005 Discretionary Adds/Mods

- Multi-capable Maintainer (63A/63M) at Knox:
 - Recommend move to Benning to align with BRAC 2005 recommendations
- 63B Training at Ft Jackson:
 - Move to Fort Lee . . . Combines all 63B training and ASIs
 - Frees up space for Drill Sgt School expansion
 - Requires relocation of 187th Ord Bn from Ft Jackson to Ft Lee
- 62B/919 Training at Ft Leonard Wood:
 - Recommend retain 62B at Ft Leonard Wood
 - 919 consider relocate to Fort Lee (consolidate all WOBC at Ft Lee)
- 35M Radar Training at Ft Sill:
 - Recommend move to Ft Lee
- Communications/Electronics Training at Ft Gordon:
 - Recommend move all to Ft Lee

BRAC 2005 Discretionary Adds/Mods

- Joint Petroleum School:
- Cargo Specialist Training at Ft Eustis:
 - Related to watercraft training
 - Recommend retaining at Ft Eustis
- Rail Training at Ft Eustis:
 - Expensive infrastructure costs, limited student population
 - Utilizes some watercraft training (engine repair)
 - Recommend retaining at Ft Eustis
- 88M Training at Ft Leonard Wood and Ft Bliss:
 - Should be consolidated at one site
 - TC recommends retention at FLW
 - Recommend CASCOM propose to relocate to Fort Pickett
 - Recommend including 77F (ASI H7)
